

Concrete Hopper

Concrete Hoppers - This particular attachment is a self-dumping hopper that automatically sets off to unload as bumper release contacts the side of a dumpster. Once dumping is done, the hopper goes back to an upright and locked position. This piece of equipment is likewise available together with a cable that allows operation from the seat of the lift truck so as to have the alternative of manually unloading the hopper. There is a locking chain provided in order to secure the hopper to the fork truck. This particular product is made with reliable and consistent robotic welds for utmost strength. The forklift dumping hopper even has a blue powder coat finish in order to maintain durability.
